About the Symposium

Symposium "[Actual Tasks on Agricultural Engineering](#)" has been organised for 47 years that shows its tradition and importance. During last years the Symposium achieved more international meaning thanks to co-sponsoring of EurAgEng, CIGR and AAAE.

CASEE (ICA Regional Network for Central and South-Eastern Europe) as a co-organiser is dedicated to strengthening the connection of agricultural and biosystems engineering with other agricultural disciplines.

Papers from Symposium's proceedings are indexed into the world's famous databases: Clarivate Analytics (former Thomson Reuters) Conference Proceedings Citation Index and ISTP, CAB International - Agricultural Engineering Abstracts.
